POLICE AND CRIME COMMISSIONER FOR WEST MERCIA

TITLE: SETTING THE 2017/18 PRECEPT

Ref PCC/D/2017/03

EXECUTIVE SUMMARY

The Commissioner must set an annual precept for the financial year 1 April 2017 to 31 March 2018 in compliance with the Police Reform and Social Responsibility Act 2011 and the Police and Crime Panel (Precept and Chief Constable Appointments) Regulations 2013 made thereunder.

The Commissioner has proposed a 0% increase in the precept to be set for 2016/17 (previous Decision Record PCC/D/2016/02) which has been considered by the West Mercia Police and Crime Panel and supported by them (response to proposal attached marked 'A').

The Commissioner has had regard to the Budget Report of the Chief Finance Officer (attached marked 'B').

The Commissioner has responded to the Panel by letter dated 10th February 2017 (attached marked 'C').

This decision record is accompanied by a Part 1 report. There is no Part 2 report.

PROPOSAL

The Commissioner is recommended to approve:

- a) A Net Revenue Budget after savings of £212.175m
- b) £9.720m of budget reserve is used within year to manage reductions
- c) A net budget requirement of £202.455m
- d) A Council Tax for a Band D property at £189.60, an increase of 0%.
- e) A Council Tax for a Band D property calculated as follows:

	£'m
Budget Requirement	202.445
Less Police Grant	65.422
Less Revenue Support Grant	42.780
Less Council Tax Support Grant	9.200
Less council tax freeze grant:	
2013/14	0.800
2011/12	1.976
Sub Total	82.277
Less: Collection Fund Surplus	1.273
Amount to be raised by Council Tax	81.004

	Divided by Aggregate Council T	ax Base- subject to 427.227.84
	verification and change Basic Amount of Council Tax at allowable	Band D - max £189.60
f)	The consequential Council Tax fo	or each property band will be as follows:
	Band A (6/9th)	£126.402581
	Band B (7/9th)	£147.469677
	Band C (8/9th)	£168.536774
	Band D	£189.603871
	Band E (11/9th)	£231.738065
	Band F (13/9th)	£273.872258
	Band G (15/9th)	£316.006452
	Band H (18/9 th)	£379.207742
g)	•	Office of the Police and Crime Commissioner to issue Precepts Notices on the West Mercia
	Bromsgrove District Council	£6,836,480
	Herefordshire Council	£12,816,822
	Malvern Hills District Council	£5,689,239
	Redditch Borough Council	£4,836,626

Bromsgrove District Council	£6 <u>,</u> 836,480
Herefordshire Council	£12,816,822
Malvern Hills District Council	£5,689,239
Redditch Borough Council	£4,836,626
Shropshire Council	£20,205,307
Telford and Wrekin Council	£9,217,175
Worcester City Council	£5,904,454
Wychavon District Council	£9,234,514
Wye Forest Council	£6,263,374
TOTAL	£81,004,052

- h) The reserve strategy set out in section 6.
- i) The outline capital budget in section 8.
- j) All Officers be instructed to exercise tight budgetary control. No over-spending of the aggregate 2017/18 budget will be authorised and caution will be

exercised in entering into expenditure which creates additional commitments in future years. The PCC will be kept fully informed of the financial position throughout the year.

- k) The Chief Executive and the Treasurer work with West Mercia Police to deliver plans to deliver the savings targets outlined in this strategy. These plans will be presented to the PCC for consideration in Spring 2017. A strategic summary of the plans will be published on the PCCs website.
- The Chief Executive work with the Chief Constable to develop a revised corporate strategy planning process with West Mercia Police to be presented to the PCC for consideration in Spring 2017.
- m) The prudential indicators at appendix E.
- n) In approving the budget, the PCC notes the Treasurer's comments in section 8 in respect of the robustness of the budget and the adequacy of reserves.

APPROVAL OF

West Mercia Commissioner

I hereby approve the above proposal.

Signed:

Date: 10th Februar 17.

PART 1 - NON-CONFIDENTIAL REPORT OR EXEMPT FACTS AND ADVICE

SUPPORTING PART 1 REPORT

1. INTRODUCTION

1.1 The Commissioner is required to set a precept for the West Mercia Police and Crime Commissioner to be levied in 2017/18.

2. BACKGROUND

- 2.1 By virtue of the Police Reform and Social Responsibility Act 2011 and the Police and Crime Panel (Precept and Chief Constable Appointments) regulations 2013 the Commissioner is obliged to issue a Police and Crime Precept for the year commencing 1 April 2017.
- 2.2 The Commissioner recommended a 0% increase in precept to the Police and Crime Panel (Decision Record ref. PCC/D/2016/02).
- 2.3 On the 7th February 2017 the Police and Crime Panel met to consider the Commissioner's proposed precept.
- 2.4 On 8th February 2017 the Police and Crime Panel formally published their response to the Commissioner's proposed precept confirming their support for the proposal (attached marked 'A').
- 2.5 The Chief Finance Officer's Budget Report (attached marked 'B') has been considered by the Commissioner
- 2.6 On 10th February 2017 the Commissioner issued a response to the PCP as required by Schedule 5 to the 2011 Act (attached marked 'C').

3. FINANCIAL COMMENTS

3.1. Included within the Chief Finance Officer's budget report to the Commissioner (copy attached marked 'B').

4. LEGAL CONSIDERATIONS

The recommendation and the supporting information comply with the statutory requirements attaching to the Police and Crime Commissioner in respect of his precept setting responsibilities.

PUBLIC ACCESS TO INFORMATION

Information in this document is subject to the Freedom of Information Act 2000 (FOI Act) and other legislation. Part 1 of this Decision Record will be made available on the West Mercia Commissioner's website. Any facts and advice that should not be made automatically available on request should not be included in Part 1 but instead on a separate Part 2 report. (A Part 2 report is not required in this case).

OFFICER APPROVAL

Chief Executive Officer

I have been consulted about the proposal and confirm that financial and legal advice have been taken into account in the preparation of this report. I am satisfied that this is an appropriate request to be submitted to the West Mercia Commissioner.

Signature And Clamprers

Date: 10th Fabriday 2017

Foreword from the Commissioner:

I promised the communities of West Mercia that I would make sure policing budgets were spent as wisely and efficiently as possible, before I ever asked our communities to pay any more. With that in mind, I am proposing a freeze in the policing element of council tax for the coming financial year. I believe taxpayer's money must be better utilised and that greater efficiencies must be achieved before asking for any more.

I also promised I would invest in, modernise and reform our policing service. My budget proposals for 2017/18 represent an increase of £4.5m to help ensure that promise is kept. This money would be put towards reforming the organisation to make it financially sustainable and ensure it can meet the challenges of keeping the communities of West Mercia safe today and into the next decade.

As Commissioner I have already started the technological revolution within West Mercia. The financial strategy I am proposing will allow for continued investment, along with the Warwickshire PCC as our alliance partner, to ensure we get ever greater efficiencies whilst addressing the issues that matter most to our communities.

Members of our communities regularly tell me that they want their police force to be more visible. That feedback is reflected in my budget proposals where I have included major investments in technology that will set police officers free from police stations and improve visibility. In addition, the technology I am investing in will improve the customer service our communities receive.

I want to provide new fit-for-purpose technology and working environments for the police. I am also committed to new multi-agency facilities in the Shrewsbury and Hereford areas that will give our officers the tools they need to do their difficult jobs.

I am proposing a further significant investment of £1.3m to protect the most vulnerable people in our society. I will continue to invest heavily in services to support victims of crime; helping more people recover and get on with their lives. I have already announced a new victim's charter and will continue to drive reform so that victims get a better deal.

John Campion

West Mercia Police and Crime Commissioner

THIS PAGE IS INTENTIONALLY LEFT BLANK

WEST MERCIA BUDGET 2017/18 MEDIUM TERM FINANCIAL PLAN 2017/18 - 2020/21

Report of the Treasurer

Recommendations

The Commissioner is recommended to approve:

- a) A net revenue budget, after savings, of £212.175m
- b) £9.720m of budget reserve is used within year to manage reductions
- c) A net budget requirement of £202,455m
- d) A Council Tax for a Band D property at £189.60, an increase of 0%.
- e) A Council Tax for a Band D property calculated as follows:

·	
	£'m
Budget Requirement	202.455
Less Police Grant	65.422
Less Revenue Support Grant	42.780
Less Council Tax Support Grant	9.200
Less council tax freeze grant:	
2013/14	0.800
2011/12	1.976
Sub Total	82.277
Less: Collection Fund Surplus (subject to final	
formal confirmation by Shropshire Council)	1.273
Amount to be raised by Council Tax	81.004
Divided by Aggregate Council Tax Base- subject to	427,227.84
verification and change Basic Amount of Council Tax at Band D - max allowable	£189.60

f) The consequential Council Tax for each property band will be as follows:

Band A (6/9th)	£126,402581
Band B (7/9th)	£147,469677
Band C (8/9th)	£168.536774
Band D	£189.603871
Band E (11/9th)	£231.738065
Band F (13/9th)	£273.872258
Band G (15/9th)	£316.006452
Band H (18/9 th)	£379.207742

g) That the Chief Executive to the Office of the Police and Crime Commissioner for West Mercia be authorised to issue Precept Notices on the West Mercia billing authorities as follows:

Bromsgrove District Council	£6,836,480
Herefordshire Council	£12,816,882
Malvern Hills District Council	£5,689,239
Redditch Borough Council	£4,836,626
Shropshire Council	£20,205,307
Telford and Wrekin Council	£9,217,175
Worcester City Council	£5,904,454
Wychavon District Council	£9,234,514
Wyre Forest Council	£6,263,374
TOTAL	£81,004,052

- h) The reserve strategy set out in section 7
- i) The outline capital budget set out in section 8
- j) All Officers be instructed to exercise tight budgetary control. No overspending of the aggregate 2017/18 budget will be authorised and caution will be exercised in entering into expenditure which creates additional commitments in future years without agreement of the PCC. The PCC will be kept fully informed of the financial position throughout the year.
- k) The Chief Executive and the Treasurer work with West Mercia Police to develop plans to deliver the savings targets outlined in this strategy. These plans will be presented to the PCC for consideration in Spring 2017. A strategic summary of these plans will be published on the PCC's website.
- I) The Chief Executive work with the Chief Constable to develop a revised Corporate Strategy planning process with West Mercia Police to be presented to the PCC for his consideration in Spring 2017
- m) The prudential indicators set out at appendix E
- n) In approving the budget, the PCC notes the Treasurer's comments in section 9 in respect of the robustness of the budget and the adequacy of reserves.

1. Purpose of the Report

- 1.1 The purpose of this report is to set out the proposed budget and precept proposals for decision by the Police and Crime Commissioner (PCC). It is the first budget report for the PCC for West Mercia since his election in May 2016. It will deliver one of the PCC's key responsibilities under the Police Reform and Social Responsibility Act 2011.
- 1.2 The report sets out the:
 - Net budget requirement for 2017/18
 - Proposed precept for 2017/18
 - Proposed Medium Term Financial Plan 2017/18 2020/21
 - Outline capital budget 2017/18 2020/21
- 1.3 Setting the budget for the next financial year is one of the most important decisions that the Commissioner has to make. It is important therefore to set out the issues that influence and contribute to the contents of the budget for 2017/18 and the medium term financial plan, having taken into consideration the plans of the Commissioner.
- 1.4 In determining his budget proposals the Commissioner must have regard to:
 - National targets and objectives including the Strategic Policing Requirement
 - The priorities within the police and crime plan and any likely changes to these for 2017/18
 - · The outcome of public consultation
 - The plans and policies of other partner agencies relating to community safety and/or crime reduction
 - The policy of the Government on public spending as set out by the Chancellor in the 2015 Comprehensive Spending Review, the 2015 and 2016 Autumn Statements and the funding framework that arises from them.
 - · The medium term financial obligations
 - Prudent use of financial reserves
 - The constant drive for continuous improvement and value for money
 - The commitment to support the strategic alliance with Warwickshire PCC, including the delivery of existing savings plans and the Transformation Programme
- 1.5 As per last year, the policing element of this budget, which is the considerable majority of the budget, has been prepared for the Strategic Alliance with Warwickshire as a whole. The budget requirement has then been apportioned to each Force in accordance with the agreed cost sharing approach.

2. Introduction

- 2.1 John Campion, the Police and Crime Commissioner for West Mercia, set out his vision following his election in May 2016:
- 2.2 "Reforming West Mercia Police is a big long term job. Ultimately, though, it will deliver a more effective police service and better value for taxpayer's money. We have a hard working police force in place and I will work hard to back the force and ensure they have the right structures and resources to do their vital work more effectively and efficiently. Whether that means investing in innovative technology or working more closely with other public services to cut back-office bureaucracy, I want more police time being spent where it matters most on the frontline."
- 2.3 This vision underpins this, his first budget. In it there are clear investments in innovative technology, police officers, police staff and in frontline policing to meet the increasing challenges the police face. These investments will also deliver greater efficiencies, enabling the Commissioner to keep his promise "to make best use of the funds available before asking for more, and to freeze council tax in 2017/18".

3. How the PCC will meet the policing and financial challenges

- 3.1 For the coming year all existing and new policing capabilities are to be funded entirely from existing resources, without any increase in Council Tax in 2017/18. In doing so the PCC meets his manifesto commitment to "keep council tax increases to the minimum and to spend existing resources effectively." The budget includes new developments and initiatives, which support the priorities set out in the "Safer West Mercia Plan 2016-2021". This police and crime plan was subject to extensive consultation with stakeholders, partners, businesses and communities before its approval and implementation.
- 3.2 In this plan, the Commissioner set out his vision for a Safer West Mercia. He intends to:
 - Put victims and survivors first
 - Build a more secure West Mercia
 - Reform West Mercia
 - Reassure West Mercia's communities

3.3 To achieve these objectives, the Commissioner will:

Put victims and survivors first	Build a more secure West Mercia	Reform West Mercia	Reassure West Mercia's communities
• Invest £100k in	Additional	• £20.8m capital	Invest £1m a

	:	contact points	
,		• £36.2m to	
		improve estates	
		including	
		replacement multi-agency	
j		facilities in	
. ;		Shrewsbury and	:
	y v i i i	Hereford areas.	

- 3.4 In addition, resources allocated to Protecting Vulnerable People have been moved from Protective Services to Local Policing. This has enabled a change in approach by the Chief Constable to address the changing nature of crime in our communities. This represents both an increase in capacity in investigating crimes against the vulnerable and moving that capacity closer to our communities where it is needed.
- 3.5 Since May the Commissioner has undertaken a comprehensive review of the 2016/17 budgets following the significant under-spends which occurred in 2015/16 and previous years. He has identified budget reductions of £10.7m a year. This includes savings that have been achieved as a result of efficiency projects and programmes such as new telephony systems, telematics, procurement and the work of Place Partnership Limited (PPL).
- 3.6 The Force will also deliver a further £3.5m of efficiencies following the substantial investment in new technology, including the successful pilot of "Mobile Working" by police officers.
- 3.7 In setting the 2017/18 budget the Commissioner has recognised the unavoidable pressures policing (like many others) faces such as:
 - Pay and price inflation (£4.7m)
 - Increasing staff pension costs following the triennial revaluation (£1.5m)
 - The Apprenticeship Levy (£0.5m)
- 3.8 The nature of crime and its consequent demands have changed significantly in recent years, particularly regarding cyber crime, child sex exploitation and terrorism. During the period of the previous and current Comprehensive Spending Review, West Mercia has implemented spending reductions of £36.9m, in part to help meet these new demands and threats. In addition, an Invest to Save fund has been established to deliver savings and to help the organisation reform.
- 3.9 The 2017/18 budget, the Medium Term Capital Programme and the Medium Term Financial Plan address these challenges whilst keeping council tax increases to a minimum. Given the Commissioner's priorities, the increasing pressures and the opportunities for reform, West Mercia has a savings target of £21.9m over the life of the Medium Term Financial Plan, whilst at the same time the Commissioner needs to ensure that policing arrangements continue to be fit for purpose. Policing therefore must be both efficient and effective, address changes in demand and meet public expectations. He therefore intends to:
 - Strengthen the resources dedicated to the prevention and investigation of child sexual exploitation and high tech crime
 - Improve the way in which the police listen to and respond to the public
 - Invest significantly in estates with new facilities such as the OCC, the firearms range and new multi-agency facilities in the Hereford and Shrewsbury areas
 - Improve the ICT infrastructure including new telephony and communications systems, including more self serve opportunities for the community
 - Implement the Athena case management system, leading to further efficiency savings and improved witness and victim care

- Encourage more effective and efficient ways of working through the implementation of Mobile and Agile Working delivering greater visibility for front line police
- Enhance the capacity and capability of police officers and staff, giving them
 the skills and ability to better respond to the public
- Fund better equipment for police officers such as body worn video and replacement body armour ensuring their safety and that of the public
- Commission "One Place" reviews with PPL to promote shared use of facilities with key partners such as fire and rescue services and local authorities
- Work with partners to further develop specialist capabilities where they are needed to better protect the public
- 3.10 This new investment together with existing initiatives will enable the following savings targets to be achieved:

	2017/18 £m	2018/19 £m	2019/20 £m	2020/21 £m	Total £m
Savings Plan:					
Procurement savings	0.182	0.248	0.345		0.775
occ			1.173		1.173
Athena			0.765		0.765
Reduction in Cost of Change		0.414	0.138		0.552
Change Programme savings	3.450	7.590	6,555	1.094	18.689
	3.632	8.252	8.976	1.094	21.954

- 3.11 These plans will be developed further over the coming months and presented to the PCC for consideration. The investment in a new Transformation Director and the increase in the capacity of the Change Team to deliver service transformation and the associated savings have been included in the 2017/18 budget.
- 3.12 Community safety partners in the West Mercia force area are also facing the prospect of having to deliver considerable budget savings over the coming years. Services can only be improved or maintained if demand for their services reduces.
- 3.13 The Commissioner intends to freeze his element of the council tax for the financial year 2017/18. He will aim to fund the budget gap by accelerating the reform agenda and, in the short term, increase the use of significant reserves generated by previous under-spends. The Commissioner is also aware that council tax payers in the force area will be under pressure from other precepting authorities as they meet their budget challenges.
- 3.14 However, due to the changing nature of crime and the challenging reform programme that West Mercia Police are only just beginning, the Commissioner assumes that council tax will rise in future years. The Commissioner remains committed to minimising the burden placed on the taxpayer and will continue to drive reform to improve the effectiveness and efficiency of the service. The Commissioner will review his medium term council tax strategy following the fairer funding review by Government, which is expected in 2017.

4. How the PCC plans to fund this

- 4.1 It is intended that the proposals contained in this document will be funded from a variety of sources.
- 4.2 Through the use of available Government Grants. The Commissioner receives a number of grants from the Government. The principal grants are:
 - Police and Revenue Support Grant
 - Council Tax Support Grant
 - Council Tax Freeze Grants from 2011/12 and 2013/14
 - Victims Support Grants from the Ministry of Justice
- 4.3 A fuller breakdown of the financial settlement from the Government is contained in appendix A.
- 4.4 By increasing the Council Tax by 1.99% from 2018/19 onwards. This increase, coupled with changes in the tax base to reflect new house building, and including the collection fund surplus, is expected to increase income from council tax.
- 4.5 Savings of £9.5m in the West Mercia budget in 2017/18 are already implemented. It is now expected there will be a further savings requirement over the period to the end of 2020/21 of £21.9m for West Mercia.
- 4.6 By deploying the accumulated reserves. The Commissioner's reserves are expected to be £50.680m at the start of 2017/18. He plans to use £30.619m of these reserves over a four year period, and on a prudent basis, to support each year's budget. It is likely that under-spends may occur in some years, as the force has a track record in delivering its savings targets early. Where this happens, the Commissioner will consider the use of these under-spends, to seek to further minimise the need to use borrowing to fund capital expenditure. The PCC will continue to drive reform to deliver efficiency and value for money across all areas of West Mercia Police.

5. The Revenue Budget

5.1 The following table analyses the changes to the base budget for the West Mercia PCC between 2016/17 and 2017/18 and incorporates the apportionment of costs between the two areas. Appendix B outlines a summary of the gross expenditure.

Analysis of movement from 2016/17 to 2017/18

6. The Medium Term Financial Plan (MTFP)

- 6.1 The MTFP was agreed in February 2016 and has been updated and refreshed during the year.
- 6.2 The key assumptions at February 2017 are as follows:

Funding

- The precept will not increase in 2017/18, but from 2018/19 onwards it will increase by 1.99% per annum, broadly in line with inflation expectations from 2017/18
- Council Tax base will grow by 2% per annum
- General revenue grants will reduce by 1.3% a year in-line with the reduction seen in 2017/18 and the commitment by the Minister for Policing
- The current review of the grant system maintains the levels of grant shown in the plan
- The Council Tax Support Grant position reduces by 1.3% a year.
- There will be no tightening of the limits on precept increases before a referendum is required
- Funds top sliced and reallocated from the Police Grant by the Home
 Office and retained centrally will remain at 2017/18 levels in real terms

Costs

- Pay (cost of living) increases are included at 1.0% per annum
- Incremental increases are 1.8% for Police officers and 1.1% for staff
- Price increases are contained at contractual commitments
- The implementation of an Apprentice Levy (equivalent to 0.5% of payroll cost) from 1st April 2017. It is believed the related costs incurred by the force will be broadly in line with this levy in future years, though arrangements have yet to be finalised

6.3 The MTFP is as follows:

7. Reserves Strategy

7.1 The use of a significant proportion of the Commissioner's reserves over the life of the Medium Term Financial Plan is an important element of the financial strategy. The following table shows the full expected deployment of reserves over the life of the plan. Appendix C shows this information analysed across individual reserves.

Proposed Use of Reserves	
	£m
Projected reserves at the 1 st April 2017.	50.680
Amount required to support the budget over the life of the medium term financial plan	(13.552)
Investment in infrastructure	(17.067)
Reserves remaining at the end of the MTFP period.	20.061

- 7.2 Each year the Treasurer carries out an assessment of the risks facing the Commissioner to determine the minimum level of reserves which the Commissioner needs to continue to hold. This year the assessment is that £14.5m needs to be held to provide adequately for these risks. This is an increase of £2m from 2016/17 to reflect the increasing inflationary pressures arising from economic uncertainty. It also reflects the increase in the savings target due to higher than anticipated unavoidable pressures, arising from changes in demand. Further details of the risk assessment are included in section 9.
- 7.3 The amount required for general budget support is significant because it provides for higher levels of support in the early years of the plan than would be typical. This reflects the level of uncertainty which appertains to the future resource projections at this stage, and a wish to have greater clarity about the level of resources which will be available before fully implementing any plans to deliver the savings required over the life of the plan. Currently, only the resource projections for 2017/18 are certain as the Home Office is now undertaking a further review of the Police Funding Formula during 2016/17. The Home Office may implement a new mechanism for allocating general policing grant from central government in 2018/19.
- 7.4 There remain considerable opportunities to drive further efficiencies through our joint working with Warwickshire and by transforming and reforming policing. To achieve them, while minimising the impact on the service to the public, will require us to focus on areas like modernisation, with more self-service facilities for the public and the greater use of agile and mobile working by police officers and staff. The Commissioner will continue to invest in and drive this organisation-wide modernisation.
- 7.5 The Commissioner will also continue to modernise and rationalise the police estate through the ongoing co-location of what have hitherto been separate teams within West Mercia and Warwickshire. Options will also be explored around sharing premises and facilities with key partners such as other blue light services, local authorities, criminal justice agencies and the NHS. This creates the need for a significant provision for invest to save initiatives.

8. The Capital Budget

- 8.1 The Commissioner for West Mercia has undertaken a comprehensive review of the capital programme and the capital planning and monitoring process. The revised programme now fully reflects the priorities of the Commissioner to fully transform and reform police activities, services and systems as quickly as possible. In particular it recognises the need to modernise ICT systems and further develop the estate to ensure that policing responds to changes in demand and the nature of crime as efficiently and effectively as possible.
- 8.2 The Commissioner is committed to providing new multi-agency facilities in the Shrewsbury and Hereford areas that will provide modern, fit for purpose and cost effective buildings to support policing in the areas. The new facilities will be developed in conjunction with partners and be multi-agency buildings. The Commissioner is committed to wide spread collaboration to deliver his vision for a Safer West Mercia.
- 8.3 Consequently the Commissioner is planning significant capital investment of £64.5m over the next four years. As mentioned earlier, this investment is key to reforming policing and delivering better services to the people of West Mercia.
- 8.4 The Commissioner is proposing the following capital budget over the next five years, the consequences of which are incorporated into the Medium Term Financial Plan.

Expenditure	2017/18 (Including slippage from 2016/17 £m	2018/19 £m	2019/20 £m	2020/21 £m	Total £m
Estate Strategy	11.191	8.143	8.520	8.324	36,178
ICT replacement & strategy programmes	10.544	4.678	2.539	3.022	20.783
Vehicle Replacement	1.450	1.500	2.020	1.500	6.470
Plant & Equipment	0.945	0,068	0.021	0	1.034
Totals	24.130	14.389	13,100	12.846	64.465

- 8.5 A full list of proposed capital projects is included at appendix D. The capital programme will be kept under regular and more challenging review by the Commissioner, and may vary during the remainder of 2016/17 and throughout 2017/18.
- 8.6 The expected funding of the programme is outlined below. In order to minimise future borrowing the Commissioner is proposing to fund a significant part of this capital investment from reserves. In addition, where under-spends occur in revenue budgets through early delivery of savings, consideration will be given to using these to fund capital expenditure in lieu of borrowing, where it is prudent to do so.

Funding	2017/18 £m	2018/19 £m	2019/20 £m	2020/21 £m	Total £m

Totals	24.129	14.390	13.101	12.846	64.466

9. Treasurer's Statement on the Soundness of the Budget and the Adequacy of Reserves

- 9.1 In considering the MTFP, the Commissioner needs to consider the level of reserves for which it provides. This will, in part, be governed by known or likely commitments and, in part, by his appetite for risk. The Treasurer has reviewed thoroughly the financial risks facing policing in West Mercia and reassessed the level of reserves required.
- 9.2 In setting the level of reserves I would suggest that the following issues should be taken into account:
 - a. The possibility of savings targets not being met. As in previous years, I would suggest no provision in reserves for this, but, if this approach is taken, the Commissioner is recognising that any failure to deliver savings through the Strategic Alliance will have to be compensated for, potentially, by service reductions.
 - b. Possible delays in the delivery of savings. In previous years the force has missed its in-year savings target, but has covered the shortfall from in-year under-spends. While no presumption of in-year under-spending should be made because, having agreed the budget, the Commissioner authorises its spending, the record of the force is of consistent delivery of under-spending. This is typical of organisations with strong budget management arrangements. Delays in the delivery of savings may occur, particularly in relation to the Transformation Programme. In the current year, for example, there have been delays in progressing Invest to Save schemes, particularly the complex schemes such as the OCC and Athena in the capital programme. In addition, as the savings target is more than previously expected, I am recommending an increase in the level of reserves held to cover potential delays in the delivery of savings from £4.5m held in 2016/17, to £5.1m in 2017/18. In 2015/16 £7.5m was held for this purpose.
 - c. To provide cover for "extraordinary" events or investigations, recognising that these would be likely to attract Special Police Grant (for costs in excess of 1% of the budget). A prudent provision would be for two such events over a five year period, which would require a provision of £4m.
 - d. The level of self-insurance we provide to minimise our insurance premiums. Potential insurance liabilities can vary significantly across years, and it is suggested that any costs falling here should be met from a general contingency provision.
 - e. Any additional delivery costs of the Strategic Alliance and the Transformation Programme. These may be capital (e.g. IT costs), but capital costs have a revenue impact. Until the capital costs are determined, the revenue consequences cannot be. An alternative, and one with no marginal cost, would be to absorb any revenue impact by cash-limiting the capital programme and deferring schemes to accommodate any Strategic Alliance spending

- requirements. There is a specific provision in reserves to cover 'invest to save' schemes, so no additional provision is recommended here.
- f. The risk on inflation, especially on pay. With the economy looking to continue to grow there may be some upward pressure on pay inflation. This is starting to look increasingly possible within the life of the plan. In the Autumn Statement in 2016, the Chancellor estimated that inflation would rise to 2% a year in future years. The Medium term Financial Plan includes a provision of 1% for pay. Consequently I am recommending that a provision equivalent to a 1% increase in inflation in a year be held. This amounts to £1.9m.
- g. The budget includes assumptions made around part time police officer working. These changes reduce the police officer budget in line with the levels of part time working. If all these officers then decided to return to full-time work this would lead to a budget pressure. History suggests that this is unlikely so no specific provision is likely to be required, however the risk remains.
- h. The income budget has been reviewed and revised for the fourth year running, to reflect a reassessment of the base budget. Most income received is demand led and therefore hard to forecast, and it can fluctuate. There is a risk should income levels fall below expectations. No specific cover in reserves is recommended, but this should be reviewed in future years.
- i. In May 2017 all employees who are not members of a pension scheme have to be invited to join. The National Audit Office in its report identified that between 5% and 15% of employees chose to opt out of pension funds following autoenrolment. If only 5% of employees opt out, it would increase our annual costs by £0.5m. Consequently a prudent provision of £0.5m (based on the realistic worst case estimate in the first year) is recommended.
- j. As already stated, the Home Office is currently undertaking a further review of the Police Funding Formula during 2016/17 and may implement a new funding mechanism from 2018/19. Under the current arrangements, West Mercia benefits from the damping mechanism, gaining £10m a year. The Home Office did consult on a new formula during 2015 but abandoned the consultation. During this process estimates of the impact on West Mercia ranged from an increase of £9.3m to a reduction of £0.8m. In the light of this the prudent approach adopted in 2016/17 will be continued and a provision of £1.0m made as in 2016/17.
- k. The Government is currently developing plans for the replacement of the Airwaves network (referred to as ESN/ESCMP). The estimated initial capital investment is £1bn, although revenue savings of £350m are expected in the long term. In 2017/18, £417m is top sliced nationally by the Home Office for Police Technology programmes. There is still a lack of clarity, with not all details being known. However, a provision of £3m has been made in the Medium Term Financial Plan. Any capital costs that may fall to West Mercia could be met by increased borrowing or from the use of reserves. Any

- increased revenue costs or grant reductions in the short term would need to be funded either from further efficiencies or from the use of reserves.
- I. Given the significant capital investment of £64.5m in the infrastructure which supports policing, an infrastructure reserve of £17m is being created. In 2017/18, £8.5m of this reserve will be deployed to fund the capital programme and £4.3m in 2018/19 and 2019/20. This will minimise borrowing and by reducing the capital financing costs, will ensure that revenue funds continue to be directed towards front line policing.
- m. There should be a general contingency provision for unknowns. Assessing a prudent level for this is impossible, but would be unlikely to be less than 1% of net revenue expenditure, around £2m.
- 9.3 The aggregate cost of those elements which it is feasible to estimate is £14.5m. The additional impact of some of those which cannot be estimated, such as the actual impact of higher pay increases or increased economic and political uncertainty could prove to be significant. The Commissioner does not necessarily have to provide money in reserves for each of these elements individually, unless they are certain to occur, as one contingency can provide for several possible events, provided that all of the events are unlikely to occur together. However, it does need to give realistic consideration to the likelihood of their occurring during the period covered by the plan, and it does need to provide explicitly for those which are certain to occur.
- 9.4 Given the relatively low aggregate sum involved, it is recommended that a minimum level of £14.5m is provided in reserves. Provided that this sum is available at all times within reserves, I am satisfied that this budget is soundly based and adequately provides for the risks facing the Commissioner.

APPENDICES

Summary of West Mercia Grant Settlement

The provisional police funding settlement was announced by the Government on 15th December 2016. The details were as follows:

2016/17	Funding stream	2017/18	Change
£m		£m	%
66.348	Police Grant (including Community Support Grant	65.422	-1.40
43,388	Revenue Support Grant	42.780	-1.40
11.975	Legacy Council Tax Grants (freeze grants and plus council tax support grant)	11.975	0
121.711	Total	120.177	-1.26

In addition, the Police and Crime Commissioner has received notification of the following grant allocations for commissioning victim services and Restorative Justice from the Ministry of Justice. These have not yet been announced.

Grant Allocation	£ million
Victim Services	1.363
Child Sexual Abuse	0.101

Budget Consultation 2017/18 Summary

Background

The Police and Crime Commissioner launched his precept consultation on Monday 9th January 2017. The consultation ended at midnight on Monday 23 January 2017. A precept proposal and a draft of the budget report were published as part of the consultation process, along with a short online survey to enable people to comment on the proposals being put forward.

Headline result

The majority of respondents 508 (71.7%) were in support of the precept proposal put forward by the Commissioner. 201 (28.3%) did not agree with the proposal.

Commissioner's response to the comments received

The majority of comments made by those objecting to the precept proposal centred around three themes of: objecting to the freeze; use of reserves; and increases / decreases in crime. Rather than annotating each individual comment with the Commissioner's response, a response to each of these three themes is shown below.

Objecting to a freeze – West Mercia Police have consistently under spent in recent years, which has resulted in a steady increase in reserves. Redeploying reserves for the purpose the money was originally given will not impact on service delivery as it will be smoothed through by the use of those reserves and for developing plans to improve the efficiency and effectiveness of the police service.

Use of reserves – Reserves are made up from the under spending of taxpayers' money. It is entirely proper that it should be used to fund the service West Mercia residents have paid their taxes for. I will be cautious in their use though and ensure there is prudent financial planning and management.

Crime increases / decreases – The reform of West Mercia Police is essential if we are going to meet the changing nature of crime. The reform will enable resources to become available to focus on new priorities.

Summary

Outlined below is a summary of publicity undertaken, findings from the survey and a copy of the comments received.

Publicity and media coverage

A range of communication tools were used to promote the precept consultation to communities across West Mercia. These included:

- Posting full details, including the draft budget report on the Commissioner's website
- Media release coverage in force area papers and interviews on local radio

Appendix to Budget Report

- Social media regular posts on Twitter and Facebook, including paid adverts that feature on Facebook and Instagram
- Commissioners newsletter
- Internal force communications
- Circulation to over 2000 recipients of the CMS (community messaging system)
- Direct emails to associations of local councils and other organisations.

The consultation survey

An online survey was used to ascertain views on the Commissioner's precept proposals. In addition, the draft budget report was clearly signposted and available to read for anyone requiring more detailed information prior to completing the survey.

The online survey asked 6 questions, including one open question enabling respondents who did not agree with the precept proposal to comment on their reasons. The questions asked were:

- 1. Do you support the Commissioner's budget proposals including an additional £4,5m in West Mercia's policing budget for 2017/18, a freeze in the police's share of council tax bills and continued investment in frontline, community policing?
- 2. Please explain your reasons (only to respondents who answered 'No' to Q1)
- 3. In which area do you pay council tax?
- 4. Gender?
- 5. Age?
- 6. Are you a business owner?

Consultation findings

Overall response

944 respondents partially or fully completed the survey. Of these 709 respondents answered question one.

Question 1

- 508 (71.7%) respondents supported the Commissioner's proposals.
- 201 (28.3%) respondents were opposed to the Commissioner's proposals.

Question 2

187 respondents chose to comment on their reasons for their answer to question one (186 online plus one by email). A summary of all these comments is included with this report.

Question 3

A breakdown of respondents by council tax area is shown below (for those that answered this question)

428 (60.5%) Worcestershire

143 (20.2%) Shropshire

78 (11.0%) Herefordshire

58 (8.2%)Telford and Wrekin

Question 4

The response by gender of people who chose to answer this question was:

432 (61.5%) male and 270 (38.5%) female

Question 5

The age profile of those taking part in the online survey and choosing to answer this question shows that:

The majority of respondents, 212 (29.8%) were aged 45-54.

Question 6

51 (7.2%) of respondents stated that they were business owners.

Email / postal comments

One individual / organisation chose to send an email or written comment directly to the Commissioner's office in response to the precept consultation. Those comments are included in the summary of responses below.

All social media platforms are monitored and where appropriate comments on the precept have been responded to, however the 'instant' nature of this media means it is not practical to include them in this report.

Budget consultation 2017 - summary of comments received

Comments submitted via email and post

No	Comment	PCC response
1	I read with interest your budget proposal that stated am proposed increase of £1,3m for the most vulnerable in society.	In response to your query West Mercia Police have adopted the following definition of vulnerability:
	Please could you define the most vulnerable in society?	A person is vulnerable if, as a result of their situation or circumstances they are unable to take care of, or protect themselves or others, from harm or exploitation.

Comments submitted as part of the online survey

The Police and Crime Commissioner's response was one or more of the responses set out on Page 1.

PANAMONING CONTRACTOR	
WATER CO.	Comment
2	4.5 million is far to much
3	A council tax freeze is actually a cut in funding in real terms. Funding should be
	increased not decreased.
4	A failure to raise precept even by a modest amount is a mistake - will be in a position
	of having to play catch up. Commissioner is quite right to robustly challenge levels of
	reserves but should look at a 0.5% precept increase - modest but maintains some
	growth in a world about to see significant inflation for the first time in many years -
<u> </u>	keep the finances ticking over!
5	A freeze in ct is a cut in funding in real terms and will impact on the service in future
	years. Council tax freeze is a false economy when wages and inflation have to be
6	paid for:
اقا	A freeze in the police precept is ridiculous at a time when the police are failing to provide a service in so many areas.
7	A freeze is in effect a cut, and on top of Government changes to tax and NI for
ļ ⁽	example, the total becomes a very big cut. A 1.99% increase will at least offset
İ	some of the cuts.
.8	A freeze would create a loss in the police budget which could impact upon the
	numbers of officers and staff.
9	A freeze would just mean the police having to use money from elsewhere to fund the
	futre plans. The police force has had to deal with huge, sweeping efficancy saving
	measures that have caused significant problems to officers.
10	A samil increase would be in the benefit of everyone. Unlike many in our policing
	area I get no additional benefits despite the amount of tax I pay, and if I am paying
	then i would like it to go to something worth whiles, such as policing.
11	A small increase is expected by people
12	As a council tax payer I feel responsible for speaking out where well intentioned
	people try to justify their existence by making a point. Policing is not something to be
	toyed with and the implications of financial tinkering may be felt for years if we got it
	wrong. We are seeing a constant threat from terrorist groups and it is a matter of time
	before we are subject to such an incident on our force area. In order to be in a
	position to deal with such a threat we need to maintain our ability to cope with such
	an incident. This means an ability to train for it and have the up to date kit required
	for management of terrorist threats in whatever form they may manifest. This is not a

	time for outs books, it is a time for insectment!
40	time for cuty backs, it is a time for investment!
13	As other services fail the demand on police increases; we need more officers and
	better equipment and this should come from council tax in addition to other funds
14	Barely anyone voted in your appointment - you have no mandate to do anything as
1.5.	no one actually cares. Just another Tory puppet.
1.0.	Because local taxation is the only way we are going to be able to improve the quality
16	and quantity of policing in our area Believe resources are already stretched and see no evidence of waste that has been
10	explaned that justifies greater austerity
17	Believe the police require an increase in the council tax share to enhance reactive
'	policing in the west mercia area.
18	Crime is not reducing as often stated on news reports etc - the public are just not
'	reporting it as they have little faith that anything will be done, i can partly understand
	this as working for West Mercia, I can see how strapped resources are, officers are
	short and sometimes genuine victims do not get the support and service that they
	deserve, through nobodys fault - just sheer lack of resources due to lack of money.
19	Criminality is increasing and teh police ability to figt crime is decreasing as the
	number of staff is continually dcreasing.
20	Despite much talk of how well forces are doing and how efficient they are becoming,
	there is still an issue on frontline policing. There are plenty of laws out there to
	protect the public but hardly anyone left to enforce them (look at the use of mobile
	phones while driving farce. I see drivers doing it on a daily basis and the recent
	campaign has done nothing to stop it!). You should get real officers on the streets
	again and if that means having to pay more then I am willing to do so.
21	Endorse further investment in Frontline policing but not community policing. I support
	and increase in police share of the council tax. Policing cost money and the
	country/government and PCC seem to be under the illusion it can be done cheaply.
22	For the sake of a few pence a week I would rather we had more police, felt safer and saved money by reduced insurance premiums etc. If you are going to make them
	more efficent then how much safer would we be if an inflation level rise was
	introduced to keep pace?!
23	For the sake of what? Why would increase the front line services when other areas
	need money and the police is working well
24	Freezing the council is a cut in reality when inflation is taken into account. Tory
	ideology has no place in the public sector.
25.	Front line policing is non existant in rural areas. Shameful.
26	Given the change in funding from National to Local you should be seeking to
	safeguard investment, therefore you should seek to increase the precept in line with
	inflation
27	How can the budget stay the same but invest an additional £4.5m?
28	How does continued investment in frontline and community policing sit with no
	finiancial increase proposals. Cyber crime needs huge investment. The PCC cannot
	jkeep using such words as improving services by better performance and working
	more efficient when it does not invest in frontline policing. The police are taking as
	usual more responsibilities from other services such as Mental health, etc
29.	How on earth do you expect the police to improve their services without giving them
	money to do so - they are already functioning on a shoestring I take it your wages will
	not be subject to cost cutting perhaps you could take a pay cut and donate your
	overinflated wages along with your staff !! - amazing how this job was done by a volunteer panel prior to the PCC so as far as I'm concerned if you and your staff were
	"deleted" like the essential front line staff within the forces perhaps this would enable
	more "useful" staff and contributions to the "technology" you say is required.
30	I agree on more spending because we need cops on the streets but I can't work out
30	where the money is coming from?
1	Where the money is setting note:

31	I agree with the additional spending, but would be happy for a small increase to council tax so a greater increase could be made to spending.
32	I agree with the developments but not the council tax freeze as this means developments are not viable
33	I am prepared to pay more for my policing.
34	I believe a small increase of say 1% is needed in order not to deplete capital
	reserves for what is mainly revenue purposes, although I accept some of the
	proposals revolve around capital expenditure
35	I believe he should put resources into tackling response to incidents, active
	patrolling and enforcement
3.6	I believe our existing Police Force are in need of more money to provide a better
	service for the public, consequently I would like to see a rise in the Policing budget to
37	achieve this.
3/	I believe that for too long the budget has been squeezed and that now requires more investment and spending
38	I believe that investment from more efficient use of resources should be re-invested
	in improving or extending services and not to support increases in inflation. The
	increase in under reported crime such as child abuse plus the increase in cyber
	crime need to be invested in.
39	I believe that more funding is needed and that a 0% ct increase in the short term will
	result in long term damage and underinvestment. A ct freeze is essentially a cut with
	inflation and wages increasing the costs.
40	I believe that the Council Tax element shold have a small rise, in line with inflation, to
44	allow additional funding for neighbourhood policing.
41	I believe that to freeze the precept will not be the correct way forward as the strain on
	police budgets is increasing due to the ever increasing areas of policing that require major investment i.e cyber crime and protection of children and the vulnerable. The
	reserves that have been built up over a number of years have meant that investment
	in police services was not funded appropriately and therefore the reserves should be
	used to ensure that modernisation can be achieved in a more timely manner. The
	fact that there are reserves does not negate the need for a precept from the people
	of Worcs. No one negotiates from zero that does not make economic sense
42	I cannot believe that in such a short time in office you can come up with the efficiency
	saving that will cover no increase in the police's share of the Council Tax Bills. It
	would seem prudent to at least cover those inevitable costs whilst looking for more
43	and better policing at minimal increased cost. I disagree with the increase in budget of 4.5m as this could be more. Greater funding
40	by incorporating the polices share of council tax should with effective PCC input
	improve the efficency and effectiveness of the police. Limiting the revenue streams
	shows lack of foresight and an unwillingness to embrace change in the police. The
	unwillingness to increase council tax demonstrates that rather than tryingt o give the
	constituents the best police force, the underlying reason for not increase in council
	tax if for relection. The loss of revenue on this occassion cannot be clawed back in
	future years, an opportunity missed.
44	I do not agree that our reserves should be used for this purpose.
45	I do not agree with a freeze in the Police's share of council tax bills
46	I do not agree with your proposal to utilise a substantial proportion of the reserves
	that have been built up over many years in order to obtain the short-term headline- grabbing proposal to freeze council tax. Surely it would be better to accept a modest
	increase in council tax to preserve contingency funding for future eventualities.
	perhaps as yet unknown? I am convinced that in the current climate, council tax
	payers would accept a small increase, given that the daily news reminds us of the
	importance of law enforcement in our communties, locally, nationally and indeed
	Internationally.

47	I do not believe there should be a freeze - there should be a rise in the police's share
''	to enable more effective work by the force as how do you expect to modernise
	without increasing the budget
48	I do not support ANY increase as I too think that there are areas that we need to
	address that will save money.
49	I do not support a freeze in the council tax given the current challenges inj policing
50	I don't think using reserves is a good idea
51	I fail to see how proposing a freeze in the policing element of council tax spending
• `	can equate to a an increase of £4.5m in budget compared to this financial year, other
	than to assume that further policing services will have to be cut in another round of
	"efficiency savings". There is no opportunity for ""continued investment" if there is no
	new money, surely?
52	I feel that a small increase in council tax would be in order, allowing for reserves to
	be maintained for at present levels. I also feel that the question is misleading as it
	does not state were the £4.5M will come from.
53	I feel that police services are spread too thinly and that increasing revenue from
	council tax is essential to maintain current policing levels
54	I feel the police need more money to be fit for purpose
55	I perceive the Police Service to have become a more self serving than public serving
<u> </u>	bloated organisation and I would rather see you cut £4.5m out of it.
56	I support an increase in the rate of council tax, if I see the rate reflects a) an increase
	in police prescence b) an increase in police services and support for their role c) in
	the bigger picture a maintenance of local services such as refuse collection and safe
	street lighting and finally an improvement of standards with regards to adult social
	care, in particular the care of our elderley, infirm and truly vulnerable members of our
	society.
57	I think that an increase in the police funding is a small price to pay and will help us
58	provide a better service to the tax payers and help protect people from harm I think that communities can cope with a small percentage increase on the basis that
ρo	you are investing heavily in the future. I know West Mercia have cut back all central
	services and joined an alliance and used reserves for current projects but at all costs
	the front line must now be protected if we are to deal with emerging crime and the
	spike in burglaries that we are currently seeing around Shropshire.
59	I think that the police face high demands on their resources, partners can no longer
	support them so police pick up more pieces, there are a lot of services that need to
	be protected such as support for offenders, I can't imagine there is enough money to
	transform all the areas of policing like back office functions if there was a freeze in
	the precept
60	I think the Police need more money in order to carry out the reforms required
61	I think the police are struggling financially, there have been too many cutbacks
	leaving fewre people to do the same work so it is done far less efficiently.
62	I think we should preserve any reserves we have.
63	I welcome increased budgets for police & investment in frontline community policing
	but I am concerned that the use of reserves to deliver this is not a wise use of those
	funds. I do not believe that there should be a freeze on the police's share of council
	tax bills
64	I would prefer an increase in the the policing element to enable further investment in
	essential community services.
65	I would prefer that there should be an increase in the amount that West Mercia get
	from council tax bills in order to not use all the reserves that the force has built up.
66	I would prefer to pay more money to obtain a better service
67	I would rather see a small increase and extra officers and a better service
68	I would willingly pay more council tax if it meant more police officers on the streets,
L	protecting our communities from harm.

69	I'm happy to increase my council tax contibutions to allow for improved resilience in policing.
70	If i am able to pay a little more it may improve the service i receive
71	If it means further cutbacks to staff and resources, then I do not support the budget
	proposal. I auume the extra 4.5 million, will be funded internally, which will be to the
İ	detriment of the force.
72	If we are investing in police services why are we freezing the council tax as this is
	really a cut in income
73	If you need money to get it right, then increase council tax to take care of it
74	Increase in council tax to assist
75	Increase the police precept and invest in more constables.
76	Increasing costs mean more revenue needs to be riased to provide the service the
	public wants.
77	It is a ridiculous and contradictory statement that you propose to invest in the police
	and yet freeze frontline officers pay! Despite acknowleging the increasing challenges
	our police face in these troubled times.
78	It's clear that our Police Force has been cut by far too big a level and needs
	investment, if that means an increase in council tax then so be it.
79	Its a disgrace that this force has been sat on reserves of money and there are
	underspends after all of the cost savings, redundancies and post cuts that officers
	and staff have been put through. How can you justify this? How has the force been able to SAVE money? Staff have cleary been lied to. And you also tell the public
	that we are under resourced when we can't perform our duties effectively when there
	is clearly money in the bank!
80	Last year we received an increase due to cuts in the Budget. Now West Mercia
00	Police have been given more money why cant we have our Council Tax reduced.
81	More beat ploice needed to cope with demand.
82	More contribution should be sought from council tax.
83	More money from Council Tax would give more money to the force and possibly its
	employees
84	More money is needed to tackle local issues, more police on the streets.
85	More needs to be spent on Policing
86	Need an increase in police budget to help protect our population. How can the police
- · · ·	do their job properly with no increase in funds? They need the best tools for the job -
	can't do this on the limited funds available.
87	Need to see more visible policing
88	No extra money needed, too much waste.
89	O would support a rise
90	Police are being cut too much.
91	Police are short on resources and any freeze will have an adverse effect.
92	Police are strugling to cope in my humble opinion
93	Police budgets are already squeezed to breaking point. Further investment is
	needed. Spending a forces reserved for short term gain will hurt their ability to keep
	people safe in the long run
94	Police funding need to increase for the service to remain effective
95	Police need an increase in funding to remain effective,
96	Police need more funding.
97	Police need more money for more officers and better pay for officers that are already
	in the force
98	Policing does needs the extra funding . it could be spent on increasing officer
	numbers it is not just all about IT
99	Policing is key to public safety. I accknowledge that continued efficices in policing
	are needed but I believe some growth is necessary to support the increase in cyber

crimes, protecting people from harm. Investigating and detective crime ar preventing crime are complex and require different skills and technologies. Investment should be made even if 0.5% to allow continued development a West Mercia to stay at the cutting edge of Policing. 100 Policing is the front line between anachy and order. To keep order requires and there are not enough police at the moment, therefore freezing the bud only add to this issue. 101 Policing needs an overall increased budget due to limited numbers of officin increasingly varied demands requiring specialist departments which inev takes officers from the frontline roles such as Response. 102 Policing needs investment, and Govt are not putting money into it 103 Policing si already subject of significant cuts impacting on frontline and sup services within the organisation. A non-political, realistic, and objective as of the impact of financial contraints on day to day service would highlight the reasons! 104 Policing still requires investment	and for s finance liget will ers and vitably

views ahead of the public	
106 Public sector have suffered greatly by government proposals by having pa	
In line with inflation the public sector have had in effect pay cuts. This has	
sickness within the workforce due to people not being able to make ends r	
responsibilities within their role causing greater anxiety thus leading to sick	kness.
Money needs to be invested in the police to ensure the police can deliver t	
publics expectations.	
107 Quite simply, i'd rather pay a small increase in my council tax bill and have	services
better funded.	, 00, 1,000
108 Rather than cutting the budget so you can keep council tax bills the same	thereby
risking the force taking kneejurk reactions in saving money by inevitably cu	utting stoff
	Jung Stan
yiu should be increasing the tax share by at least inflation	1-1-41
109 Rather than waste reserves have a small increase in council tax. This coul	
enable even further advancements in technology etc using the reserves.	believe
that the 0% has more to do with politics more than anything else. To reiter	ate don't
waste the reserves, instead use them more effectively.	
110 Retain the reserves and increase council tax - paying for policing is good v	value for
money and save the silver to sell in emergency - sorry I think your decision	
based on national politics only not representing local needs	
111 Should increase the police share to support the investment in technology	
112 Strongly disagree with freeze in the police's share of council tax bills. Mon	nev is
	i⇔y io
required to maintain existing levels of policing not just frontiline.	
113 Th epolice requires more funding to ensure we protect the public, not a fre	eze. The
savings made means cutting other vital services.	
114 Th police service has already experienced significant cuts to its budget. W	
investing in IT to work more efficiently / effectively but demand is constant	
increasing as well. Any further cuts as a result of a reduction to the precent	pt will
inevitably impact somewhere.	
115 The PCCs office needs to invest in the future and as local Councils and Pa	arish
councils are seeing a rise in the precept due to housing developments, the	e PCCs
office should do the same.	- · •
116 The Police Budgets have been cut so much recently there are not enogh p	nolice
officers on the beat. They are too stretched and do not have any time to ca	arn/ out
	arry out
their enquiries timely and efficiently extra money is required	
117 The Police Service has suffered severe cuts in the past few years which h	ias meant
no wage rises for POlice or very poor ones. Admin staff have been reduce	to a
minimum meaning that Police Officers are now performing these roles in a	addition to

	their own. Reserves are for emergencies. The council tax paying individuals would
	be more than willing to pay an increase in council tax which can only be to a
	maximum of 1.99% for an efficient Police force.
118	The Police apears to be on its knees, more money is required.
119	The Police are not sufficiently funded now and we do not get the service that we
	used to. I would rather pay a little more and receive a superior service. You state
	that "I believe there are greater efficiencies that must be achieved" but do not provide
	any evidence or further detail for this.
120	The Police force has been cut to the bone already. Any more cuts will damage
	service provision- this is political nonsense- spending out of reserves so you can fool
	the electorate into thinking you've made things more efficient. It fools no-one with a
	brain.
121	The Police need more money in their budget in order to fight crime and anti social
	behaviour
122	The Police service is already stretched and to expect more from them without
	additional support seems counter intuitive.
123	The Police service is not fit for purpose due to the cuts already imposed.
124	The additional funding is not real. It is baing taken from reserves, this is a further cut
	to policing
125	The budget contains significant saving proposals which can only affect front line
	policing. It is a mistake not to levy even a small precept to improve community
	policing, which features very little in these proposals.
126	The community deserves a Force that is properly funded and adequately staffed.
	The element of the council tax relating to the police should be increased.
128	The extra cash to be used in recruiting more officers
129	
	their families extensively. If the chance to increase the precept from the publice it
	should be done. Why spend money if we don't need to? rather than use it to finance
	the next set of cuts.
130	The increase is minimal and we need to invest in police services
131	The increase would have to come from financial reserves, which is an unsustainable
	source. A small increase in the council precept would not harshly affect my council
	tax bill and would enable sustainable investment in policing services.
132	The most important thing to me is to feel safe and in real terms you are talking about
	a reduction in policing which I don't agree with. I would support budget cuts in other
	services but not the Police for reason I stated earlier. Feeling safe should be the
122	most fundamental right!
133	The police are severely underfunded and underresourced.
134	The police budget over the past few years in real terms has been cut. Even when it is
	spun with terms like 'better efficiency' and 'better use of resources', everybody knows
	they are CUTS!! These cannot be sustained by the police service. If the public want a
400	police service theyy can rely on, it has to be paid for.
135	The police force is showing signs of strain with cuts of recent years, inflation will only
	make the matter worse. I think the freeze proposal is a political one. At least match
400	inflation as costs will no dought rise with brexit.
136	The police have already cut back enough and need a higher budget to provide a
453	proper service to the public. Budget should be increased
137	The police should be properly funded. Your conservative bosses have cut them to
	deeply. You should not use reserves, they are for emergencies or future investment.
120	Don't politicise policing, listen to your chief Constables, they
	The service needs to be funded properly and a sligth increase would be acceptable. The the POlice service needs more investment over and above the allocation. Fine to
139	
1 1	use money wisely but the Commissioner needs to offer additional services to the
	public.

140 There is no explanation as to what the money will be used for. I see words like 'visible' 'investing' and 'customer service'. I have no idea what the money is needed for. Exactly how does the commissioner propose to make the service 'more visible'? 141 There needs to be an increase in the police budget to ensure the services provided meet the needs of the community to increase policing numbers and allow for investment, development and remuneration for emplyees. 142 They need more money to police effectively 143 This appears to be a politically motivated decision by the Commissioner to curry favour with the local population. If the public want services they should pay for them and we should not be dipping into reserves just so that the Commissioner can say, "look what I've saved". 144 Too many cut backs Too many reasons, i simply do not agree with his actions, its all well and good have up to the minute technology (if it works!) but we need a lot more police officers visible 146 Using the financial reserves will reduce the security of the police force. Therefore risking staff/office jobs, those same staff who have recieved virtually zero pay rises for 5 years. 147 WWhere is all this money gonna come from this 148 We have a Crime Commissioner who the majority of the public didn't vote for & obviously don't want. His salray is a complete waste of tax payers money. He is affiliated to a political party whose aim is clearly to undermine & desatroy the police service of this country & this is clearly another opportunity to chip away at its very foundations. 149 We need more Police as a visible presence 150 We need more money : 4 151 We should be spending a more, not freezing the budget 152 West Mercla have been very prudent over the years and are not in the disasterous situation that other forces, such as Derbyshire find themselves in. Because of this good financial management, by everyone in the force, we should not be penalised in this way. The 1.99% increase in the Police budget element of council tax is a very small amount and something that the general public would be happy to continue paying. I feel that by not applying for the full amount the PCC is not representing the best interests the people of the West Mercia area. Surely it is responsible to try and obtain the maximum amount available. You cannot do more with less. The more resources we have the better we can protect people from harm and the most vulnerable. It is irresponsible and negligent to accept less than what is potentially available. 153 West Mercia have closed my local Police station, Newport, Shropshire, due to budget cuts, moved all the officers to Telford, half an hour away and as a result we see little Police attendance in our town. This, we are told is because the demand for service is higher in Telford. But I still pay my taxes and they have not dropped since the station was closed and we recieve a poorer service. If an increase in tax will provide a better service. I support an increase. But if it will simply support more Police in an area which I do not live, then I continue to object to this and would oppose any increase 154 West Mercia officers are regularly required to deplop to incidents with substandard equipment which has been forces upon them as a result of cost cutting. Despite comments and reports being made by those in a position to influence decisions, their veiws are constantly ignored. This is in part because there is insufficient money. At the moment there is a drive to provide officers with personal issue laptopd and mobile phones. These items whilst expensive and helpful have never stopped an officers gettign injured. As part of the alliance process, West Mercia and Warwickshire have made various concessions that mean the police's ability to protect the public has been serious impaired.

incorporating a modest increase in the precept 156 Why draw from the reserves when an increase in council tax would be accepted by most people 157 Why exhaust the reserves? 158 Why freeze budgets when arime is increasing??? Strange decision! 159 With significant resources needed to investigate both current and historic matters combined with the increase in emand around sexual ofences and offences within the family! Delieve an increase in precept is justifiable. 160 With the Police Service already struggling to cope and resources stretched to capacity plus no wage increases for some time, I feel that any additional funding that can be obtained should be obtained. Once all the reserves have been used what then? 161 Would be nice not to have a rise but aware more money is needed to get more officers out in the community 162 You cannot maintain services by using reserves alone as once gone that is it. 163 You still charge over £60 more than West Midlands Police do for the precept 164 Your at orie and I dont trust you 165 Yuo are a waste of public money 166 budget is too low, cuts have been too deep already and further cuts will lead to loss of life. 167 disagree with freeze in police share, you should be trying to secure more funding rather than seeking a politicial win here 168 due to police budgets already being extremely stretched and lack of support for police the police service in general 169 I dont believe you are investing in frontline and commuity policing 160 I dont believe you are investing in frontline and commuity policing 161 ident believe you are investing in frontline and commuity policing 162 ident believe you are investing in frontline and commuity policing 163 I dont believe you are investing in frontline and commuity policing 164 I feel that there should not be a freeze on the council tax. i agree that investment needs to be made and should be made especially in Redditch. this town seems to be the forgotten town, the police station is not maintained as it should be, sustody has	LAEEL	Whilst I support continued investment, I feel this would be better served by
most peolple Why draw from the reserves when an increase in council tax would be accepted by most peolple Why freeze budgets when crime is increasing??? Strange decision! Why freeze budgets when crime is increasing??? Strange decision! Why freeze budgets when crime is increasing??? Strange decision! Why freeze budgets when crime is increasing??? Strange decision! Why freeze budgets are and a continue capacity in the community of capacity plus no wage increases for some time, I feel that any additional funding that cap be obtained. Once all the reserves have been used what then? Would be nice not to have a rise but aware more money is needed to get more officers out in the community. You cannot maintain services by using reserves alone as once gone that is it. You still charge over £80 more than West Midlands Police do for the precept discerse of public money. So budgets is too low. cuts have been too deep already and further cuts will lead to loss of life. Why freeze with freeze in police share, you should be trying to secure more funding rather than seeking a politicial win here due to police budgets already being extremely stretched and lack of support for police the police service in general due to police service in general due to police service in general due to police service in general due to police service in general if ell that there should not be a freeze on the council tax, i agree that investment need	100	incorporating a modest increase in the precent
most peolple 157 Why exhaust the reserves? 158 Why freeze budgets when crime is increasing??? Strange decision! 159 With significant resources needed to investigate both current and historic matters combined with the increase in ermand around sexual ofences and offences within the family I believe an increase in precept is justifiable. 160 With the Police Service already struggling to cope and resources stretched to capacity plus no wage increases for some time, I feel that any additional funding that can be obtained should be obtained. Appendix to Budget Report

182	the police are under resourced and the public want to see money spent on more
	visable uniformed officers on the street.
183	the police force is under funded and under pressure, no increase is infact a cut,
184	the police reserves money should not be spent just because it's there, it's a reserve
	and should just be that
185	too much work
186	unrealistic to freeze police budgets when everyday living is increasing
187	west mercia police will receive less money and this cost will have to be bourne
	somewhere - probably taken off any pay rises for hard working officers and staff
	which woud be grossly unfari on hard working people.
