

Building a Safer West Mercia

I promised you that I would make sure policing budgets were spent as wisely and efficiently as possible, before I ever asked you, the tax payer, to pay any more.

By freezing the policing element of council tax for the coming financial year, I am delivering for our communities. I believe your money must be better utilised and that greater efficiencies must be achieved.

My budget proposals for 2017/18 represent an increase of £4.5m to help modernise and reform

our policing service. This money will ensure the organisation is financially sustainable and can meet the challenges of keeping the communities of West Mercia safe today and into the future. The financial strategy I am proposing will allow for continued investment to ensure we get ever greater efficiencies whilst addressing the issues that matter most to our communities.

John Campion
West Mercia Police and Crime Commissioner

What I will deliver:

- Major investments in technology that will set police officers free from police stations and improve visibility. In addition, the technology I am investing in will improve the customer service our communities receive.
- New fit-for-purpose technology and working environments for the police. I am also committed to new multi-agency facilities in the Shrewsbury

and Hereford areas that will give our officers the tools they need to do their difficult jobs.

- A further significant investment of £1.3m to protect the most vulnerable people in our society. I will continue to invest heavily in services to support victims of crime; helping more people recover and get on with their lives. I have already announced a new victim's charter and will continue to drive reform so that victims get a better deal.
