(Herefordshire)
- Year 12 and 13 Green Light accompanied by smartphone application (SRP)
- Year 6 Crucial Crew (LA)
- Year 11 Dying to Drive (HWFRS)
- 1.5 Road Safety Officers (LA)

KEY
Italics = National Gvt funded

Local Authorities

- Carry out studies into accidents
- Dissemination of info and advice relating to the use of the roads
- Practical training to road users
- Construction, improvement, maintenance and repair of roads (engineering)
- Control, protect or assist in the movement of traffic

Fire and Rescue

- Rescue people from road traffic collisions (RTC's) and protect people from serious harm in the event of a RTC
- Ensure the staffing, equipment, training and services are in place for a RTC response
- Prevent or limit damage to property when rescuing or protecting people at a RTC
- *HMRCFRS: "How well does the FRS work with partner organisations to promote road safety and reduce the numbers killed and seriously injured on the roads?"*

Police

- Enforce the law to protect road users from harm
- Investigation of serious and fatal collisions
- Data analytics – recording and processing data where the police have been in attendance at a RTC. This data is shared with local authorities to shape engineering of the roads and to meet the DfT requirement for reporting collisions and casualties
