## The Commissioner's Grant Scheme (CGS)

This budget focuses on projects committed to delivering outcomes in the Safer West Mercia Plan.

### £1,000

To the Magistrates Association for the Court Mock Trial competition. Schools run a citizenship curriculum to teach students about the country they live in and their responsibilities within it; this includes how the criminal justice system in England and Wales works, focusing on human rights and the importance of a fair trial. A competition is held, where the students participate in a mock criminal trial and focuses on areas relevant to them such as cyber-bullying, alcohol, gangs, etc. This whole process teaches young people to respect the law, work with the police, and increases their understanding of the causes of offending and how to address it.

### £20,000

To Worcestershire Arts Partnership for Inspiring Futures through the Arts: using high quality artists, selected by a panel of probation officers, service users and arts experts, to provide a regular programme of arts interventions/diversionary activity for offenders who are at risk of re-offending.

### £100,000

This forms part of a £600k Drive project to deliver in Worcestershire until June 2020. The Drive Project aims to reduce the number of child and adult victims

of domestic abuse by deterring perpetrator behaviour. Drive provides a case worker who acts as a single point of contact for perpetrators on a 1-2-1 basis. They work closely with all statutory agencies including the police, probation and children's services to maximise the impact of the criminal justice system, developing and agreeing strategies to limit the opportunities for the perpetrator to continue abusing. This pilot focuses on priority (high-risk or serial) perpetrators, as this group carries the greatest risk of serious harm and engage poorly in available services.

### £20,000

To Lord Taverners for the Wicketz project using cricket as a catalyst to engage Kidderminster's young people experiencing deprivation and disadvantage. The programme is supported by 'lifestyle workshops', delivered by subject experts on local issues such as knife crime, social media safety and gang activity. It is very much focused on community cohesion.

### £53,963

Providing link workers for Worcestershire's GET SAFE strategic and operational groups. The posts will be working with children and young people in, or at risk of criminal exploitation. They will build a relationship with the victim, giving them 121 support motivating them to reach their potential and encouraging them to engage with sustainable positive activities. The purpose is to divert through enhanced intensive support.

## £10,000

To Herefordshire and Worcestershire Fire and Rescue Service (HWFRS) to pay for a commissioned evaluation of the Dying to Drive (D2D) programme. D2D is a multi-agency road safety scheme aimed at changing behaviour amongst young road users, empowering them to make positive choices reducing death and serious injury across Herefordshire and Worcestershire.
