Subject:	PCC Strategic Risk Register
	Provide advice and recommendations to the PCC and Chief Constable in relation to the effective development and operation of risk management
Report by:	Paul Benfield
Reporting Organisation	PCC
Number of Appendices:	None

Summary

Attached with this covering report is the March 2023 Strategic Risk Register Report. This report provides the JASC with an update on the strategic risks which have been identified by the OPCC, and an update on the actions that are being taken to mitigate those risk.

There are currently 2 risks that are held on the strategic risk register

- The risk that there is a budget pressure that adversely impacts on service delivery.
- The risk in relation to Wychavon District Council submitting the South Worcestershire Development Plan Review (SWDPR) to the government planning inspectorate, which would remove Hindlip Park's 'Major Development site' (MDS) status

There have been no significant changes to the risk assessment since the update to the committee in December. No new risks have been identified.

Action Required:

Review the content of the Strategic Risk Register Report and consider whether it provides assurance that the key risks facing the PCC are being identified and appropriately managed.
